

PCB Layout PDF - Top Assembly View

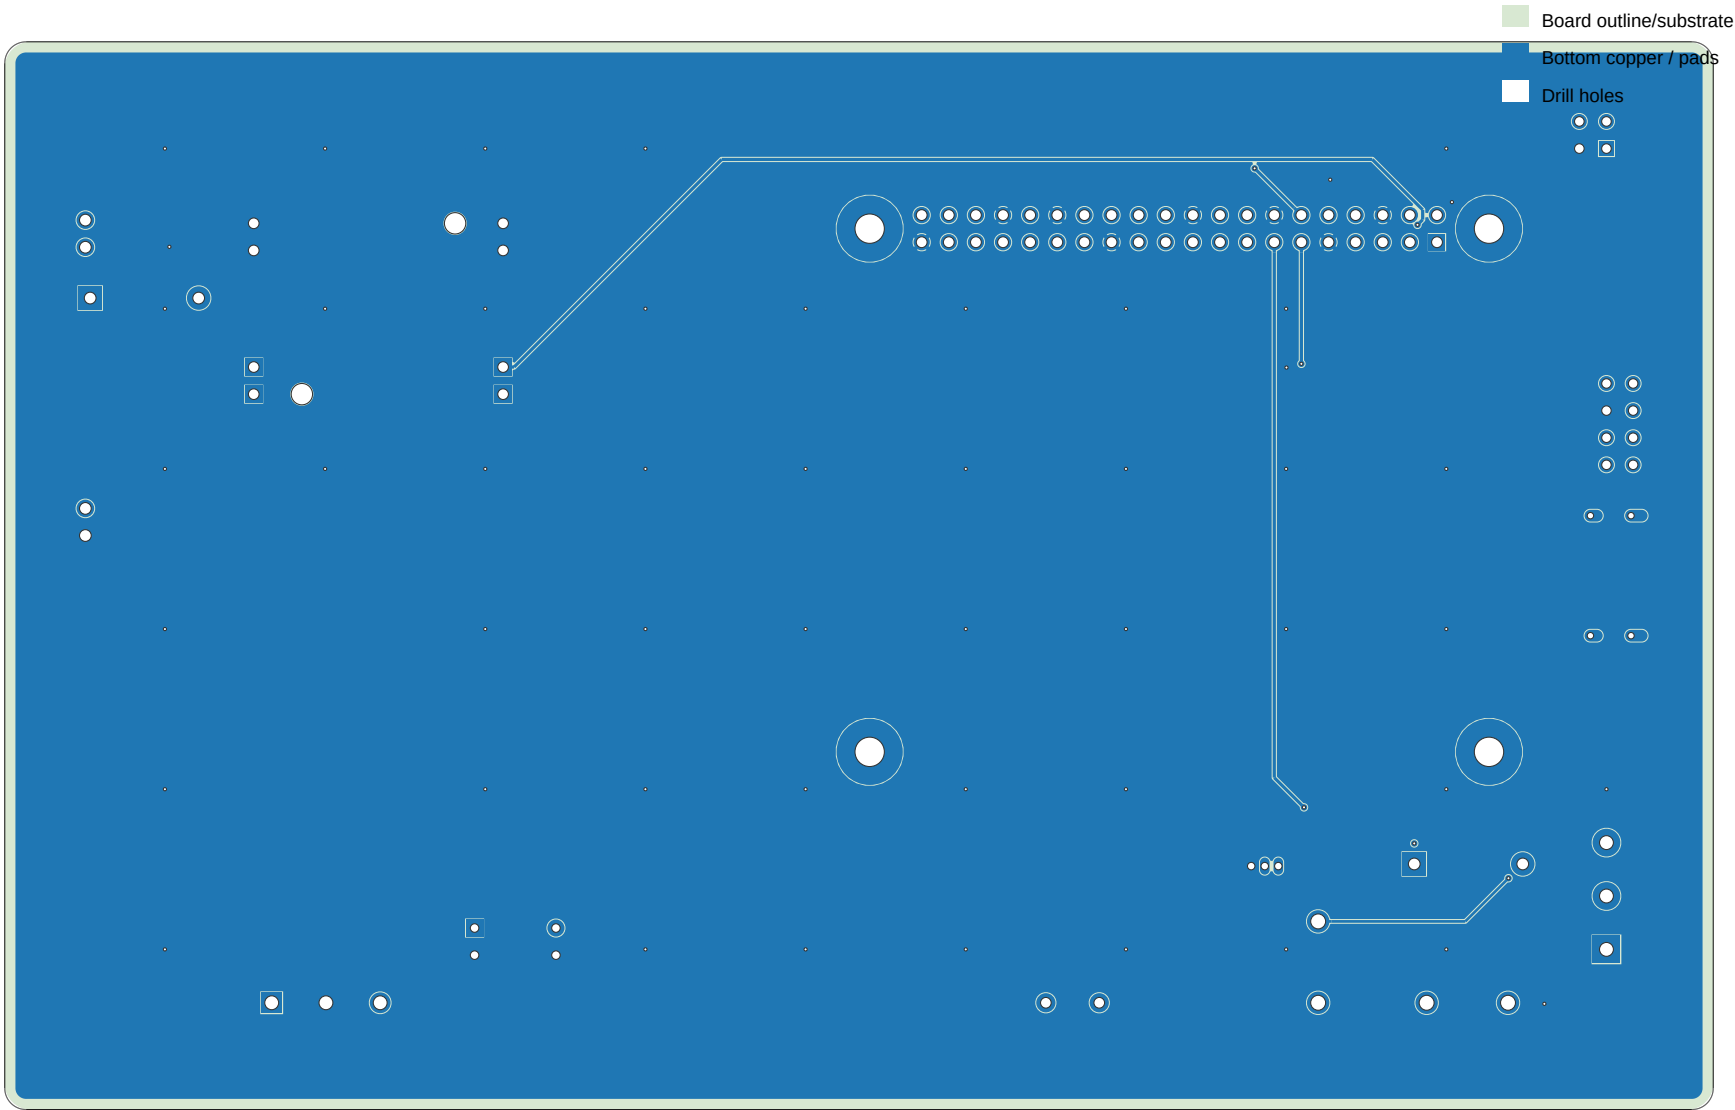

Top copper, top silkscreen, drill holes, and component reference designators from uploaded Gerbers.

Board bounding box approx: 160.1 mm x 100.1 mm

PCB Layout PDF - Bottom Copper View

Bottom copper and drill holes. Bottom silkscreen file is empty in the uploaded Gerbers.

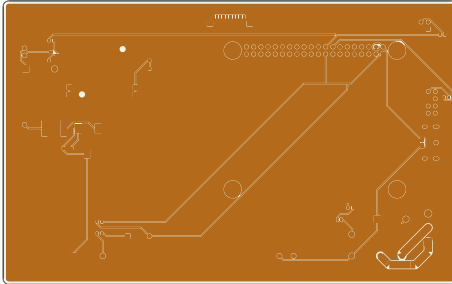

Note: Bottom view is shown in the same coordinate orientation, not mirrored.

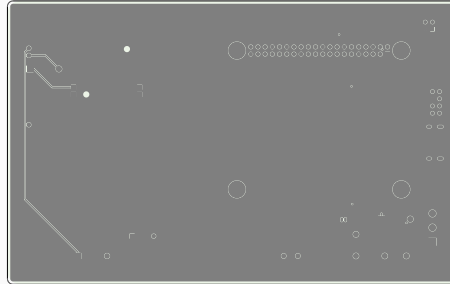

PCB Layout PDF - 4-Layer Stack Overview

Top copper, Inner 1, Inner 2, and Bottom copper from uploaded Gerbers.

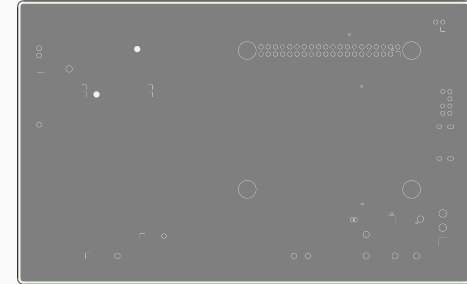

L1 Top Copper

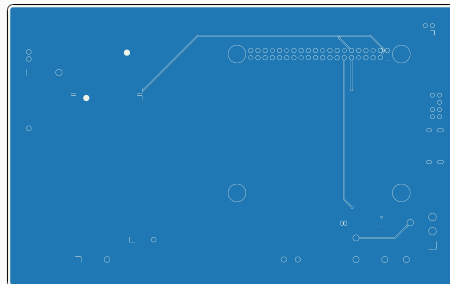

L2 Inner 1

L3 Inner 2

L4 Bottom Copper

Design summary from files:

- Components in pick-and-place: 31
- Drill hits: 153
- Layer count: 4 copper layers
- Included files: copper, mask, paste, silk, drill, BOM
